OSO Assistance to OPC

PCT S. 28 - 15 Sept 48

Reference: Memorandum of 15 September 1948 outlining relationship between OSO and OPC.

1. Reference memorandum confirmed arrangements that were worked out in a joint conference on 8 September 1948 between representatives of OSO and OPC when it was mutually agreed that OSO would extend assistance and make certain facilities available to OPC, both at home and abroad, in compliance with instructions from the Director.

2. In requesting assistance from OSO it is important that all OPC staff members recognize that OSO has its own program and responsibilities which place heavy demands upon its limited staff. Whereas it has been agreed that OSO would assist us to the fullest extent practical, OPC should restrict its demands as much as possible and in the course of all inter-office dealings take special care to protect the security of both OSO and OPC operations.

3. To make certain that OPC requests upon OSO for services and facilities are reasonable and essential, OPC staff officers are directed to formalize, by means of a memorandum from ADPC to ADSO, all such requests which involve more than routine cooperation. This entire subject is being carefully explored at the present time and more detailed instructions will be issued in the near future.
